NONDISCRIMINATION AND EQUAL EMPLOYMENT OPPORTUNITY

The school corporation does not discriminate on the basis of the Protected Classes of race, color, national origin, sex (including transgender status, sexual orientation and gender identity), disability, age, religion, military status, ancestry, genetic information, or other legally protected categories in its' programs, and activities, including employment opportunities.

The following persons are designated as the corporation's Compliance Officers and, as such, shall handle inquiries regarding the nondiscrimination policies of the corporation and address any complaint of discrimination:

Reports and Complaints of Unlawful Discrimination and Retaliation

Employees are required to report incidents of unlawful discrimination and/or retaliation to an administrator, supervisor, or other corporation-level official so that the corporation may address the conduct. Any administrator, supervisor, or other corporation-level official who receives such a complaint shall file it with a Compliance Officer within two (2) business days.

Employees who believe they have been unlawfully discriminated/retaliated against are entitled to utilize the complaint process. Initiating a complaint, whether formally or informally, will not adversely affect the complaining individual's employment status or opportunity. While there are no time limits for initiating complaints under this policy, individuals should make every effort to file a complaint as soon as possible after the conduct occurs while the facts are known and potential witnesses are available.

Complaint Procedures

Any employee who believes that she/he has been subjected to unlawful discrimination or retaliation may seek resolution of his/her complaint. The formal complaint procedures involve an investigation of the individual's claims and a process for rendering a decision regarding whether the charges are substantiated at the lowest possible administrative level and in a prompt and equitable manner.

Due to the sensitivity surrounding complaints of unlawful discrimination or retaliation, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a complaint within thirty (30) calendar days after the conduct occurs. Once the formal complaint process has begun, the investigation will be completed in a timely manner, ordinarily, within fifteen (15) business days of the complaint being received.

EMPLOYMENT GUIDELINES

Employment of Staff

The School Board recognizes that it is vital to the successful operation of the corporation that positions created by the Superintendent be filled with qualified and competent staff.

The Board shall approve the employment and establish the term of employment for each staff member employed by this corporation. No other representative of the corporation has the authority to enter into any agreement for employment for any specified period of time with a staff employee. All staff employees not covered by the terms of a negotiated agreement are "at-will" employees. Their employment can be terminated with or without cause at any time. Employee start date must be the actual date an employee begins work.

All applications for employment shall be referred to the Human Resources Department. The corporation will only accept electronic applications for employment through the Human Resources Information System.

Should the Board choose to employ a family member as herein defined, both the family member and the Board member must file a conflict of interest statement.

Relatives of staff members may be employed by the Board, provided the staff member being employed is not placed in a position in which s/he would be supervised or have an administrative relationship with the relative staff member.

Ninety (90) Day Orientation Period

Employees who are hired in the corporation after July 1, 2016, are considered to be in a ninety (90) day orientation period and may be subject to a ninety (90) day evaluation (with the exception of employees covered by a Collective Bargaining Agreement). If the employee receives a satisfactory review from his/her supervisor, the employee will continue in his/her position. An unsatisfactory review may result in discharge. Benefits (if applicable) will take effect on the ninety-first (91st) day of employment (calendar days). Time off will be allocated according to the employment document. Bereavement days are not subject to a waiting period.

Attendance

Employees are expected to report for work on time, on a regular basis. Employees who are going to be late or absent for any reason, are expected to notify their building administrator or immediate supervisor as far in advance of their starting time as possible. Employees should explain why they are going to be late or absent and when they expect to return to work. It is the employee's

responsibility to ensure that proper notification is given. Asking another employee, friend or relative to give this notification is not considered proper, except under emergency conditions.

Employees who fail to give proper notice when absent may be subject to discharge. Unauthorized leave, such as abuse of sick leave or workdays missed without pay, is defined as non-performance of duties and responsibilities as assigned by the Superintendent and may result in the initiation of dismissal procedures, loss of salary or such disciplinary action as may be recommended by the Superintendent. Please note additional attendance guidelines may be distributed by building administrators or department supervisors.

Hours Worked and Overtime

The Superintendent of Schools determines normal work hours.

Every employee is assigned to a regular job with regular hours unless illness, absence, vacation or other circumstances make it necessary to transfer an employee to a job other than his/her regular one.

Scheduled overtime is worked only when necessary and pre-approved by the Superintendent or designee. Emergency overtime is at the discretion of the immediate supervisor. Overtime is calculated on hours worked each week in excess of forty (40). Paid holidays and paid vacation do not count as hours worked when calculating overtime pay. For calculating overtime, the work week begins on Monday and ends on Friday. Any overtime worked without permission is subject to disciplinary action.

Vacation, sick and personal hours cannot be used with hours worked to exceed regularly scheduled daily work hours, unless otherwise specified.

Days Without Pay

A day without pay occurs when an employee misses a regularly scheduled workday and has no appropriate leave time available to use on that day. When time without pay occurs, the employee will not receive compensation for that day and may be subject to the attendance policy.

Guidance for Attendance Issues:

| Number of Occurrence | Discipline |
|---------------------------------------|--------------------------------|
| 1 st Unpaid Day/Occurrence | Letter of Expectation |
| 2 nd Unpaid Day/Occurrence | Written Reprimand |
| 3 rd Unpaid Day/Occurrence | Three (3) Day Suspension |
| 4 th Unpaid Day/Occurrence | Five (5) Day Suspension |
| 5 th Unpaid Day/Occurrence | Recommendation for Termination |

Employee Time Records

Verifying hours worked on the classified staff timesheet is mandatory. The numbers reported on each timesheet must reflect actual hours worked. Other symbols that may be used on the timesheet are as follows:

| | | | | |
|----------|------------------------------|--|------------|-----------------------|
| D | Death/Bereavement Leave* | | S | Sick Day* |
| F | FMLA | | V | Vacation Day* |
| H | Holiday (12 month employees) | | WC | Worker's Compensation |
| J | Jury Leave* | | SWP | Suspended Without Pay |
| U | Lost Time (Unpaid Leave) | | | |
| P | Personal Day* | | | |

Falsification of the classified staff timesheet is a serious violation of the terms of employment and may result in immediate discharge. Employees who have questions concerning the timesheets should contact their supervisor or the Payroll Department.

Overtime hours must have prior approval, must be documented on the timesheet, and must be signed by the immediate supervisor.

The State Auditors require that each employee sign his/her timesheet, so it is mandatory that each employee do so. This verifies that the reported hours are accurate.

If an error occurs on a timesheet due to the employee's oversight, the correction will be made the following payroll date.

Compensatory Time

Compensatory time is not authorized by the school corporation. With the permission of the supervisor or the building administrator, an employee may arrange his/her work schedule to accommodate possible changes in hours worked on a particular day.

Direct Deposit of Pay

All employees will have their pay electronically deposited into a banking account of their choice. Employees will sign up for an electronic deposit at time of hire with the Payroll Department. If an employee decides to close his/her direct deposit account, he/she must notify the Payroll Department at least two (2) weeks in advance. If pay is less than normal due to varying deduction amounts, amounts distributed to a secondary account may be affected. Pay is annualized, unless otherwise stated in an employee's document.

Employment of Personnel for Extracurricular Activities

The School Board may find it necessary to employ on a part-time basis, coaches or activity sponsors who are not members of the professional staff. Such part-time employees may be members of the corporation's classified staff/support staff provided that the position does not conflict with the employee's regular employment, or individuals from the community or nearby areas.

The Board authorizes the Superintendent to recommend candidates for employment by the Board. These candidates must have a criminal history background check on file.

All part-time employees selected as coaches or activity sponsors who are not members of the professional staff are "at-will" employees. Their employment can be terminated with or without cause at any time. No other representative of the corporation has the authority to enter into any agreement for employment for any specified period of time with such an employee. Refer to Board Policy 4120.08 for further information on certain positions for extracurricular activities.

TERMINATION AND RESIGNATION

Termination

A staff member may be suspended or terminated, upon a majority vote of the School Board, for violation of the policies of the Board or for any reasons not otherwise prohibited by law. In such cases, the Board shall provide the employee any required procedural due process.

Resignation

Pursuant to State law, following submission of a resignation to the Superintendent, the employee may not withdraw or otherwise rescind that resignation. A notice of retirement is equivalent to a resignation and thus falls within the meaning of the word "resignation". The Superintendent shall inform the Board of the submission of that resignation at the next scheduled meeting. The Board may choose to accept that resignation, deny that resignation, or take any other appropriate action relating to the termination or suspension of employment of the staff member submitting the resignation. A resignation, once submitted, may not then be rescinded unless the Board agrees.

SCHOOL DELAYS AND CLOSINGS

In cases of delayed start times and school closures, the work calendar shall be followed unless otherwise stipulated by Administration.

Employee safety is the primary concern for travel during inclement weather. Please follow the emergency orders for your county. Hourly staff will be paid for the hours worked. Hours must be reported correctly on the timesheet. GCCS will follow the Indiana Department of Homeland Security county travel information listed below.

Indiana Department of Homeland Security – County Travel Levels

1. Warning

- The highest level of local travel advisory indicates that travel may be restricted to emergency management workers only.
- During a "warning" local travel advisory, individuals are directed to comply with necessary emergency measures; cooperate with public officials and disaster services forces in executing emergency operation plans; and obey and comply with the lawful directions of properly identified officers.

2. Watch

- Conditions are threatening to the safety of the public. During a "watch" local travel advisory, only essential travel, such as to and from work or in emergency situations, is recommended, and emergency action plans should be implemented by businesses, schools, government agencies, and other organizations.

3. Advisory

- The lowest level of local travel advisory indicates that routine travel or activities may be restricted in areas because of hazardous situation, and individuals should use caution or avoid those areas.

AMERICANS WITH DISABILITIES (ADA)

GCCS does not discriminate against qualified job applicants and workers who are or become disabled. Under terms of the ADA, an individual is disabled if the individual has a physical or mental impairment that substantially limits one or more of the individual's major life activities; has a record of such an impairment, or is regarded or viewed as having such an impairment. GCCS also does not discriminate against an applicant or employee because of that individual's association or relationship with individuals with disabilities. ADA defines a qualified disabled

person as someone who, with or without a reasonable accommodation, can perform the essential functions of the job in question. GCCS will provide reasonable accommodations for disabled workers unless doing so would impose an undue hardship on the corporation. Employees with questions concerning ADA should contact the General Counsel or the Human Resources Department.

All animals, including service animals, admitted or housed on GCCS property or brought on GCCS property on a regular basis, must meet every health and inoculation requirement set forth in State law and local regulation or ordinance.

The school corporation will require an expanded criminal history search on an employee every five (5) years. As of July 1, 2016, GCCS will conduct annual updated expanded criminal history checks and expanded child protection index checks for at least one-fifth (1/5) of the number of employees who are employed by the school corporation. (I.C. 20-26-5-10.) The cost will be paid by the corporation. No one should begin working without clearance from Human Resources.

- Threats and/or acts of violence.
- Repeated violations of school corporation regulations.

Employees who have been arrested for a violation shall, within two (2) business days after arrest, the filing of criminal charges, the conviction of the employee for a crime, or a substantiated report of child abuse or neglect notify the Superintendent/Designee of such arrest. An employee's failure to provide such notification shall result in disciplinary action, up to and including suspension and/or termination of employment.

In keeping with the goal of the corporation to assist employees in maintaining employment, GCCS has established a system of progressive discipline geared to correct conduct rather than penalize employees. At any time during the investigation of alleged misconduct, an employee may be placed on paid administrative leave in order to be able to fully investigate the situation or allegations. Discipline will be imposed after an investigation yields sufficient evidence of misconduct. Depending on the circumstances of the offense, discipline will include:

1. Letter of Expectations: A Letter of Expectations will be prepared by the employee's supervisor that sets out the work/conduct related expectations of the job being performed. A meeting will be held by the supervisor with the employee to review the expectations. The signed letter will be kept in the supervisor's building-level employee file. The Letter of Expectations will not become part of the employee's official personnel file unless additional disciplinary action occurs, however, a copy of the letter will be shared with Human Resources in the event the issue progresses. After the document has been in the building administrator's file for 365 days or more, the employee may request that it be removed. The building administrator will remove the document upon request provided that no further disciplinary actions have been documented with respect to that issue.
2. Written Reprimand: A written reprimand is a formal notice of a performance problem or an inability to follow established policy. A written reprimand serves as a warning that continued infractions will not be tolerated and may result in recommendation for discharge.
3. Suspension: For offenses warranting disciplinary consideration above the level of written reprimand, the supervisor will bring the matter to the appropriate Director for evaluation. The Director will consult with General Counsel and the Director of Human Resources. Depending on the severity of the offense a suspension may be invoked.

4. Termination/Contract Cancellation: For discipline resulting in a termination/contract cancellation recommendation, a suspension with or without pay will continue until such time as the Board of School Trustees votes on the Superintendent's recommendation that the employee be terminated. In the event that the Board of School Trustees does not uphold the Superintendent's recommendation, the employee will be reinstated to his/her position or a similar position and will be reimbursed for the time off (suspension) without pay if applicable.
5. Guidance for Progressive Discipline- Below are general guidelines. In the event of a serious issue, discipline may be adjusted to properly address the situation.

| Number of Occurrence | Discipline |
|-----------------------------|--------------------------------|
| 1 st Occurrence | Letter of Expectation |
| 2 nd Occurrence | Written Reprimand |
| 3 rd Occurrence | Three (3) Day Suspension |
| 4 th Occurrence | Five (5) Day Suspension |
| 5 th Occurrence | Recommendation for Termination |

DRUG FREE WORKPLACE

It is the obligation of Greater Clark County School Corporation to protect the safety, health and well-being of its students and employees. Drugs and alcohol represent the largest social problem in the country and in recent years it has become increasingly obvious that they have entered the workplace, costing billions of dollars annually in accidents, productivity, absenteeism, health and medical costs.

As part of Greater Clark County Schools' obligation to ensure a safe work environment for all employees, guidelines on substance abuse have been established per Board of School Trustees Policies 3122.01/4122.01 - Drug Free Workplace and 3170/4170 - Substance Abuse. Given the risks that arise if employees are attempting to perform their duties while using or having used illegal or non-prescribed drugs or alcohol, GCCS restricts certain items and substances from being brought on or being present at any Greater Clark school corporation location, prohibits employees and others working at GCCS from reporting for work or working with illegal or controlled substances, alcohol, and other substances in their systems.

"School Corporation Location" is defined as any GCCS building, any GCCS property, any GCCS owned vehicle, or any other GCCS approved vehicle used to transport students to and from schools or school activities; off GCCS property at any school-sponsored or school-approved activity, event, or function such as a field trip, athletic event or performing arts activity, where students are under the jurisdiction of the school corporation or otherwise engaged in school corporation business.

Off-the-job illegal drug use that adversely affects an employee's job performance; leads to absenteeism, tardiness, or poor work, jeopardizes the safety of other employees or the public, or risks damage to GCCS equipment is proper cause for discharge.

An employee who is arrested for off-the job drug activity may be in violation of this policy. In deciding what action to take, GCCS will consider the nature of the charges, the employee's present job assignment, the employee's record with GCCS and other factors relative to the impact upon GCCS due to the employee's arrest.

Prohibited Activities

The use, purchase, transfer, possession, sale, distribution, offer to buy or sell, trafficking in, presence in the body of or transportation of the following on GCCS property, or while performing GCCS business is a dischargeable offense:

- Illegal or controlled substances, including non-prescribed drugs (meaning non-prescribed narcotics, hallucinogenic drugs, marijuana, or other non-prescribed controlled substances).
- Equipment related to illegal or controlled substance use.

Prescription Medication

Legally administered drugs in an employee's system will not constitute a basis for discharge; however, the legally administered drug must not exceed the prescribed amount, and if so, will constitute a violation. When a legal drug may affect the safety of the employee, the employee's job performance, or the safe or efficient operation of GCCS facilities, the employee must present a doctor's statement that the drug(s) can be used safely in the performance of the employee's job. However, GCCS reserves the right to make a final determination of an employee's fitness for duty based upon the advice of a GCCS physician.

Refusal to Submit

The refusal of an employee to provide a testing sample for the illegal use of drugs or for alcohol impairment will result in the employee being immediately suspended from work without pay, and will be subject to further disciplinary action up to and including discharge.

A refusal to test or cooperate with either the drug or alcohol testing process will be treated the same as a positive result. The following is considered Refusal to Submit:

- Employee fails to provide adequate breath for testing without a valid medical explanation after he/she has received notice of the requirement for breath;
- Employee fails to provide adequate urine for a controlled substance test without a valid medical explanation after he/she has received notice of the requirement for urine;
- Employee furnishes a sample that is adulterated, diluted, switched, or false; or
- Engages in conduct that clearly obstructs the testing process.

Note: The drug and alcohol collection/testing facility have the right to declare a Refusal to Submit if there is any indication of resistance to the collection/testing procedure. Resistance includes both verbal and non-verbal indications.

Consequences of Prohibited Conduct

Upon receipt of a "positive" drug or alcohol test of an employee, GCCS may immediately discharge the employee.

Employees who are discharged for refusing to test or testing positive, or other terms of the drug and alcohol policy may be disqualified from receiving unemployment compensation benefits.

Employees will be granted access to a written copy of their test results upon request. To obtain a copy of the test results, an employee must submit to GCCS Human Resources Department a written request on the Request for Public Information form. A copy will be provided within five (5) business days.

DRUG/ALCOHOL TESTING PROCESS

Pre-Employment Testing

Those persons that GCCS intends to hire must be tested for drug and alcohol use prior to employment as required according to position due to funding requirements. Bus driver testing must be compliant with US Department of Transportation regulations.

Random Testing (Bus Drivers Only)

Random testing ensures that every bus driver at GCCS has an equal chance of being tested. Unannounced tests are not publicized. Employees covered under the provisions of the US Department of Transportation (DOT) regulations will be tested according to the US DOT regulations.

Reasonable Suspicion Testing

Reasonable suspicion means that GCCS reasonably suspects that an employee may be affected by the use of alcohol and/or illegal drugs and that the use may adversely affect job performance or the work environment. The actions or observations of the employee must occur while the employee is on-duty, just preceding the work period, or immediately following the workday. A supervisor and/or GCCS official must observe the conduct, appearance, and/or actions of the employee.

In the case of suspected drug use, the employee must be taken immediately by a GCCS designee to a collection site and a urine sample must be obtained. In the case of suspected drug or alcohol use, the test must be done as soon as possible. The actual costs for drug and alcohol impairment testing required by GCCS of its employees will be paid by the corporation.

Searches

GCCS may, without prior notice and where reasonable cause exists, search the person, any GCCS school corporation location, or any employee's personal property (including but not limited to vehicles, handbags, briefcases, jackets, etc.) that has been brought onto a school location of GCCS. Corporation property covered includes property owned, controlled or used by GCCS including but not limited to parking lots, offices, desks, file cabinets, lockers and vehicles. Any employee who refuses to cooperate with such search will be suspended immediately and will not be allowed to return to the workplace where the search was to take place. The employee may also be subject to discipline, up to and including discharge.

Right to Demand Re-Testing and Challenge the Results

Any test subject who tests positive on a confirmatory test on any drug test required by GCCS may:

- Submit additional information to GCCS in a confidential setting, to explain the confirmed positive test results. GCCS must receive the explanation within five (5) working days after the test subject has been informed of the confirmed positive test result.

Confidentiality of Results

GCCS will not disclose test results except as authorized, permitted, or required by applicable law.

EMPLOYEE ASSISTANCE PROGRAM (EAP)

The school corporation believes that early recognition and treatment of alcohol or drug abuse is important for successful rehabilitation, return to productive work, and reduced personal, family, and social disruption.

The corporation encourages the earliest possible diagnosis and treatment for alcoholism and drug abuse and supports sound treatment efforts. Whenever feasible, the corporation will assist staff members in overcoming their alcohol or drug abuse problems. However, the decision to seek diagnosis and accept treatment for alcohol or drug abuse is primarily the individual staff member's responsibility.

Self-Referral

Staff members with personal alcohol or drug abuse problems should request assistance from the Human Resources Department. Assistance will be provided on a confidential basis and each staff member will be referred to the appropriate treatment and counseling services. Staff members who, in dealing with alcohol or drug abuse problems, voluntarily request assistance may do so without jeopardizing their continued employment with the corporation subject to compliance with Board Policy.

Corporation Referral

Staff members who test positive for alcohol and/or drug use/abuse and who are referred, at corporation request, for counseling or treatment will be limited to three (3) opportunities for

counseling or treatment to cease the use of alcohol and or drugs free of charge. Then if further treatment is indicated, the services will be funded through the group health insurance plan.

Special Considerations

All corporation requested staff member treatment and counseling will require, at a minimum, that the staff member immediately cease any alcohol and drug use/abuse and that the staff member be subject to periodic unannounced testing for a one (1) year period following enrollment in the program.

ANTI-HARASSMENT/BULLYING

It is the policy of Greater Clark County Schools to maintain an education and work environment that is free from all forms of unlawful harassment, including sexual harassment, occurring in the corporation's employment opportunities, programs, and/or activities, or, if initially occurring off corporation grounds or outside the corporation's employment opportunities, programs, and activities, affecting the corporation environment. This commitment applies to all school corporation operations, employment opportunities, programs, and activities. All students, administrators, teachers, staff and other school personnel share responsibility for avoiding, discouraging, and reporting any form of unlawful harassment. This policy applies to unlawful conduct occurring on school property, or at another location if such conduct affects the corporation environment.

GCCS will vigorously enforce its prohibition against unlawful harassment based on race, color, national origin, sex (including transgender status, sexual orientation and/or gender identity), religion, disability, military status, ancestry, genetic information, or other legally protected classes and encourage those within the corporation community as well as third parties who feel aggrieved to seek assistance to rectify such problems.

All corporation employees, including administrators, professional staff and support staff, shall report any incident of alleged unlawful harassment. The Board will investigate all allegations of unlawful harassment and, in those cases where unlawful harassment is substantiated, the Board will take immediate steps to end the harassment, prevent its recurrence, and remedy its effects.

Individuals who are found to have engaged in unlawful harassment will be subject to appropriate disciplinary action, up to and including termination of employment. Furthermore, corporation employees who fail to report any incident of alleged unlawful harassment the employee observes or which is reported to the employee, also are subject to appropriate disciplinary action, up to and including termination of employment.

Other Violations of the Anti-Harassment Policy

The corporation also will take immediate steps to impose disciplinary action on individuals engaging in any of the following prohibited acts:

- Retaliating against a person who has made a report or filed a complaint alleging unlawful harassment or who has participated as a witness in a harassment investigation.
- Filing a malicious or knowingly false report or complaint of unlawful harassment.
- Disregarding, failing to investigate adequately, or delaying investigation of allegations of unlawful harassment, when responsibility for reporting and/or investigating unlawful harassment charges comprises part of one's supervisory duties.

Pursuant to Title VII of the Civil Rights Act of 1964 and Title IX of the Education Amendments of 1972, "sexual harassment" is defined as unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when:

- Submission to that conduct is made a term or condition of employment or,
- Submission or rejection of such conduct is used as a basis for employment decisions affecting the employee or,
- Such conduct has the effect of interfering with an individual's work performance or creating a hostile or offensive work environment.

Other unwelcome conduct directed at an employee or an applicant for employment because of his or her gender may also be deemed to be sexual harassment. Examples of conduct that may be sexual harassment include:

- Unwelcome sexual propositions, invitations, solicitations, and flirtations
- Unwanted physical and/or sexual contact
- Threats or insinuations that a person's employment, wages, promotion, assignment, or other conditions of employment may be adversely affected by not submitting to sexual advances
- Unwelcome verbal expressions of a sexual nature, including graphic sexual commentaries about a person's body, dress, appearance or sexual activities; the unwelcome use of sexually degrading language, jokes or innuendoes; unwelcome suggestive or insulting sounds or whistles; obscene telephone calls
- Sexually suggestive objects, pictures, videotapes, audio recordings or literature, placed in the work environment, which may embarrass or offend individuals
- Unwelcome and inappropriate touching, patting, or pinching; obscene gestures
- Asking or telling about sexual fantasies, sexual preferences, or sexual activities
- A pattern of conduct, which can be subtle in nature, that has sexual overtones and is intended to create or has the effect of creating discomfort and/or humiliation to another
- Giving unwelcome personal gifts, such as lingerie that suggest the desire for a romantic relationship
- Remarks speculating about a person's sexual activities or sexual history, or remarks about one's own sexual activities or sexual history
- Leering or staring at someone in a sexual way, such as staring at a person's breasts, buttocks, or groin.

- In the context of employees, consensual sexual relationships where such relationship leads to favoritism of a subordinate employee with whom the superior is sexually involved and where such favoritism adversely affects other employees or otherwise creates a hostile work environment
- Inappropriate boundary invasions by a corporation employee or other adult member of the corporation community into personal space and personal life
- Verbal, nonverbal or physical aggression, intimidation, or hostility based on sex or sex-stereotyping that does not involve conduct of a sexual nature

Not all behavior with sexual connotations constitutes unlawful sexual harassment. Sex-based or gender-based conduct must be sufficiently severe, pervasive, and persistent such that it adversely affects, limits, or denies an individual's employment or creates a hostile or abusive employment environment.

Sexual conduct/relationships with students by a corporation employee or any other adult member of the corporation community is prohibited, and any teacher, administrator, coach, other school authority or staff member who engages in certain sexual conduct with a student may be disciplined up to and including termination also may be guilty of the criminal charge of "sexual battery" as set forth in 1.C.35-42-4-8. Proven sexual relationships with a student regardless of the age of the student will initiate the termination process for the employee.

Bullying

Bullying rises to the level of unlawful harassment when one (1) or more persons systematically and chronically inflict physical hurt or psychological distress on one (1) or more employees with the intent to harass, ridicule, humiliate, intimidate or harm that/those employee(s), and that bullying is based upon one or more protected classes. It is defined as any unwanted and repeated written, verbal, or physical behavior, including any threatening, insulting, or dehumanizing gesture by anyone that is severe or pervasive enough to create an intimidating, hostile, or offensive working environment; cause discomfort or humiliation; or unreasonably interfere with the individual's work performance or participation; and may involve: teasing, threats, intimidation, stalking, cyberstalking, cyberbullying, physical violence, sexual violence, theft, sexual, religious, or racial harassment, public humiliation, or destruction of property. In the bullying context, "harassment" means any threatening, insulting, or dehumanizing gesture, use of technology, or written, verbal or physical conduct directed against an employee that:

- Places an employee in reasonable fear of harm to his/her person or damage to his/her property;
- Has the effect of substantially interfering with an employee's performance, opportunities, or benefits; or
- Has the effect of substantially disrupting the orderly operation of a school corporation.

Anti-Harassment/Bullying Compliance Officers

The following individuals serve as "Anti-Harassment Compliance Officers" for the corporation. They are hereinafter referred to as the "Compliance Officers".

Tricia Helton, Director of Human Resources
2112 Utica-Sellersburg Road
Jeffersonville, IN 47130
(812) 288-4802

Dr. Kim Hartlage, Deputy Supt.
2112 Utica-Sellersburg Road
Jeffersonville, IN 47130
(812) 288-4802

A Compliance Officer will be available during regular school/work hours to discuss concerns related to "unlawful harassment", to assist members of the corporation community, and third parties who seek support or advice when informing another individual about "unwelcome" conduct, or to intercede informally on behalf of the employee.

Reporting Requirements

If you believe that you have been subjected to a violation, you are encouraged to report that violation immediately to your supervisor, building administrator, directly to the Compliance Officer and/or the Superintendent or other corporation level employee. Managers and supervisors who receive reports of violations are required to inform the Compliance Officer immediately.

Any employee who becomes aware of any conduct that he or she believes may be harassment or retaliation has a similar obligation to report that conduct regardless of whether he or she is personally involved in the conduct and regardless of whether the conduct involves other employees or clients, customers, vendors, or others in the work environment.

Investigation Procedures and Penalties for Harassment

Whenever GCCS receives a report of conduct that may constitute harassment or retaliation, the corporation will promptly conduct an investigation to gather available facts and to determine whether or not prohibited conduct has occurred. GCCS will take prompt and appropriate action to stop any harassment that it finds has occurred and will take reasonable steps to prevent any further harassment. The corporation Harassment Grievance Procedure outlines the necessary steps to follow. Any employee found to be in violation will be subject to appropriate disciplinary action or other corrective action up to and including discharge. **Confidentiality of the victim and witnesses will be maintained to the extent possible and permitted by law.**

Retaliation

Retaliation against a person who makes a report or files a complaint alleging unlawful harassment/retaliation or participates as a witness in an investigation is prohibited. Neither the Board nor any other person may intimidate, threaten, coerce, or interfere with any individual because the person opposed any act or practice made unlawful by any Federal or State civil rights law, or because that individual made a report, formal complaint, testified, assisted or participated, or refused to participate in any manner in an investigation, proceeding, or hearing under those laws and/or this policy, or because that individual exercised, enjoyed, aided or

encouraged any other person in the exercise or enjoyment of any right granted or protected by those laws and/or this policy.

HEALTH AND WELFARE BENEFITS

As required by Federal law, the School Board shall take steps necessary to support staff members who decide to breastfeed their infants by providing additional break time, as necessary, for lactating employees to express breast milk for their infants on Corporation premises.

Prior to returning to work from maternity leave, it shall be the employee's responsibility to notify her supervisor of her intent to continue breastfeeding her infant(s), and of her need to express milk during work hours. Further, it shall be the responsibility of the employee to keep her supervisor informed of her needs in this regard throughout the period of lactation.

The building administrator shall designate a private area, other than a restroom, where an employee can express breast milk. The designated area shall be a space where intrusion from coworkers, students, and the public can be prevented and an employee using this area can be shielded from view.

An employee can express milk during regularly scheduled break periods. The Principal or employee's supervisor shall make an accommodation if the time of regular breaks needs to be adjusted or if additional and/or longer breaks are needed. In the event that more breaks are needed or the break(s) need to be longer than legally required, the additional time required shall be unpaid, and the employee's work schedule or work day shall, therefore, be modified accordingly. The Principal, or the employee's supervisor, shall work with the employee to make these necessary modifications.

Worker's Compensation Insurance

Employees regardless of work schedule are covered by worker's compensation insurance at no cost to the employee.

According to I.C. 22-3-4-13, when a compensable injury renders an employee unable to work, compensation for lost wages is paid starting on the eight (8th) calendar day. However, if the employee is still disabled on the twenty-second (22nd) calendar day after the injury, the employee will receive compensation for the first seven (7) days.

An employee injured while on duty that results from an accident arising out of their job assignment may be eligible for benefits from worker's compensation insurance. Greater Clark County Schools will determine the health care provider for medical services rendered for worker's compensation injuries.

Indiana Law shall control the payment of benefits for qualifying Worker's Compensation injuries.

In order to receive benefits from this insurance, an employee must submit a completed "Injury Report Form" to the Administrative Assistant in their building, without regard to position. Forms are available from building administrators, immediate supervisors or the Human Resources Department. The completed "Injury Report Form" must be submitted to the Human Resources Department within twenty-four (24) hours of the time of injury.

Scheduled follow up visits with the health care provider must be kept and documented. Documentation should be sent to the Human Resources Department. Failure to comply with the appropriate follow up visits and reporting could result in the claim being closed and the employee assuming the costs for the medical services. Employees should work with their supervisor to make sure their duties are covered. Employees should take time to go to the appointment and return to work afterwards unless otherwise specified by the doctor.

Light Duty/Return to Work

If an employee is off work due to a worker's compensation injury and presents medical documentation from a certified medical provider of being capable of returning to work in a light duty capacity in any position available within the corporation for which the employee is capable of performing, the employer will work with the employee to determine if light duty is available based on the medical restrictions presented. If a light duty position is available that can be performed by the employee, said employee will be allowed to return to work subject to the employer's right to be provided with continuing medical verification of the light duty status.

*The plan document of the insurance company establishes the terms and conditions of coverage.

Retirement Life Insurance

Any employee who (a) has reached the age of fifty-five (55) (unless otherwise stated in contract) and (b) has been employed fifteen (15) continuous years (unless otherwise stated in contract) in the Greater Clark County School Corporation shall have the right to remain part of the group term life insurance program until age seventy (70) by paying the full applicable premium and subject to the Retirement Reduction Rule. The cost for continuing life insurance coverage at retirement is based on a calculation as set by the insurance company from the date of retirement until the employee reaches age seventy (70). That cost is charged to the employee and deducted from employee's final paycheck. An employee who is retiring must contact the Human Resources office to complete necessary paperwork to retain coverage under the Retirement Reduction Rule.

Retirement Reduction Rule: When an employee retires in accordance with Subsection above, life insurance will remain in force but shall be reduced as of the date employee retires (unless reduced prior due to age) to five thousand dollars (\$5,000.00) or ten thousand dollars (\$10,000.00) dependent upon employee group. Life insurance for a retired employee ceases at age seventy (70).

Liability Insurance

Employees shall be covered by a General Liability Insurance Program, without any cost to the employee. Insurance shall include coverage for liability arising from bodily injury or property damage inflicted on the employee while functioning within the scope of his assigned duties.

In addition, an employee who has his/her eyeglasses damaged while functioning within the scope of his/her assigned duties shall be reimbursed for the replacement value of those eyeglasses by the school corporation.

Long-Term Disability Insurance

The school employer shall offer each eligible* school employee a long-term disability insurance plan** with the monthly scheduled benefit amount to be a minimum of at least sixty percent (60%) of the normal monthly earnings to a maximum coordinated benefit of seven thousand dollars (\$7,000.00); and with a ninety (90) day qualifying period. The school employer shall pay all but one dollar (\$1.00) of the annual premium and the employee shall annually have one dollar (\$1.00) deducted from his/her paycheck. The effective date for this Group Long-Term Disability insurance is after successful completion of a ninety (90) calendar day orientation period.

*Teachers are defined as eligible when working 18.75 hours or more per week. Any other eligible employee is defined as one working 30 or more hours per week.

**The plan document of the insurance company establishes the terms and conditions of coverage.

Cancer/Intensive Care/Short Term Disability/Accident Insurance

Various voluntary insurance policies may be available to eligible staff. The employee must pay the full monthly premium for this coverage. Contact the Human Resource Department/Benefits for more information.

Section 125 Flexible Benefit Plan

Greater Clark offers voluntary participation in a Section 125 Flexible Spending Account to eligible employees.

Enrollment in the Section 125 Plan authorizes the employer to deduct the cost for the eligible plan premiums on a pre-tax basis from said employee's salary twenty-four (24) times during the school year.

It is the employee's responsibility to know the maximum amount that can be deducted for the pre-tax benefit. All other terms and conditions are set out in the Section 125 Flexible Spending Account Plan Document maintained in the Human Resources Department. If an employee chooses to contribute to HSA and also participate in the Section 125 FSA for medical expenses, the FSA becomes a limited account for vision and dental expenses only.

OUTSIDE ACTIVITIES OF STAFF

The following guidelines are shared so that staff members may avoid situations in which their personal interests, activities, and associations may conflict with the interests of the corporation. If non-school activities threaten an employee's effectiveness within the school corporation, GCCS reserves the right to evaluate the impact of such activity upon the employee's responsibility to the corporation.

- Staff members should not give school time to outside activities when there is not valid reason to be excused from assigned duties.
- Staff members shall not use school property or school time to solicit or accept customers for private enterprises without written administrative permission.

- Staff members shall not campaign on school property on behalf of any political issue or candidate for local, State, or National office except on Election Day at election polls on school property.

Bereavement Leave

Each employee shall be entitled to be absent from work without loss of compensation for a period not exceeding five (5) days for a death in the immediate family. Up to a maximum of two (2) of the five (5) days may be reserved for bereavement-related matters to be taken, if needed, within sixty (60) calendar days of the date of death. The remaining days, if needed, are to be taken within ten (10) calendar days of the date of death. Nothing in this language prevents the use of all five (5) days within ten (10) calendar days of the date of death. The immediate family shall be defined as current spouse, children, parents, grandparents (including great), grandchildren (including great), brothers, sisters, all by blood, marriage, or adoption, regardless of residence, or relatives living in the home of the employee at the time of death.

Each employee shall be entitled to be absent from work without loss or compensation for a period not exceeding one (1) day for the death of the employee's uncle, aunt, niece, or nephew related either by blood or marriage. That one (1) day shall be taken within the ten (10) calendar day period commencing with the day of the death.

In the event that more than one (1) such death occurs in the period of a school year, the above provisions shall apply in each instance. Employee contracts/fringe benefit documents prevail.

For all bereavement leave, the employee must provide documentation to the employee's supervisor verifying the date of the death and relationship to employee. Examples of documents that satisfy the verification requirement: (a) obituary, if employee is named and date of death is indicated; (b) certificate from funeral home with date of death of decedent and employee's relationship, (c) written confirmation of meeting with financial institutions or legal counsel on matters related to estate matters.

Legal Leave/Jury Duty

In the event an employee is called to jury duty or subpoenaed to appear as a witness in court during any workday, such employee shall submit proof of the days served and any check received for such services, excluding payment for meals and transportation to the office of the school district Treasurer in the Business Office, and a full payment shall be made to the school employee for any day(s) missed. If documentation of the jury duty and the check are not received, the employee

will be charged an annual day (if available) or an unpaid day (if an annual day is not available). This section shall not apply to a legal proceeding filed by the Association or any agent of the Association arising from employment outside the school corporation or matters of a personal nature. Greater Clark reserves the right to verify any documentation submitted.

LEAVES OF ABSENCE

Leaves of absences provide support staff members the opportunity to maintain their physical health and provide care for family members in time of need. This can be done by leave schedules which: a) encourage employees to take the necessary time to recuperate from illness; and, b) provide a way for employees to arrange for absence in the event of family emergency or imperative personal business that cannot be accomplished on a non-school day.

All requests for leaves of absence (paid or unpaid) by staff members shall be presented to the School Board for approval.

All requests for extended leaves shall be considered by the Board of School Trustees on an individual basis with the best interest of the educational process as the ultimate reason for approval. The period of leaves, types of leaves and conditions will be limited to the provisions of the applicable negotiated agreement or salary and fringe benefits document.

A comparable position, but not necessarily the same position or location, shall be offered to the employee returning from an approved leave of absence. Employees will not receive their paid time off days until they work at least one (1) day of the current school year. The Board reserves the right to make changes in assignments based on staffing and budgetary factors.

All employees, when absent from duty for whatever reason, must notify their immediate supervisor, building administrator or designee of their inability to report to work. This notification must take place prior to the employee absence unless it is an extreme emergency. Unexcused absences will not be tolerated and will be considered sufficient cause for discipline. If an employee fails to notify his/her immediate supervisor, building administrator or designee of absence, deduction will be made from salary for the time lost or will be considered a no call/no show and be subject to disciplinary action, as applicable.

Any employee who does not report to his/her assigned place of work or who does not contact his/her immediate supervisor, building administrator, or designee for three (3) consecutive workdays will be considered to have voluntarily resigned. The effective date of his/her voluntary resignation will be the end of the normal workday on the third (3rd) consecutive day.

Greater Clark reserves the right to place an employee on an unpaid leave of absence after accumulated paid leave has been exhausted, if the employee's absences are significant or are detrimental to the operation of the school corporation based upon supervisor recommendation.

If an employee is returning from a leave of absence at the end of the school year, he/she must return to his/her position not later than the final two (2) weeks of student attendance. Employees shall not return early from a leave of absence without approval from the Human Resources department.

Leaves of absence shall be limited to no more one year. This twelve (12) month period is a rolling period from the first date of the first leave of absence. Any day an employee reports to work at the end of a leave will be a break in the continuous leave of absence.

Leaves of absences must be requested on the corporation "Request for Leave of Absence Form".

Random days absent without pay, even with a medical statement, are no longer considered excused.

The Board shall permit the staff member to continue his/her group health insurance coverage during a leave of absence. While on any period of unpaid leave of absence or any time after FMLA has been exhausted, payment arrangements must be set up with the benefits department to ensure continued health care coverage as well as any other insurance policies which are normally paid by the employee through payroll deduction. While on leave of absence, with the exception of time covered by FMLA, the employer benefit is suspended and the employee is responsible for payment of the full health insurance premium. Upon return from a leave of absence, the employer will resume paying their portion of the premium in the first month the employee returns to work before the 16th of the month.

If an employee voluntarily drops coverage while on leave of absence, they cannot resume coverage or re-enroll until open enrollment.

During a continuous leave of absence, employees may not work in any capacity, including but not limited to extra duty assignments or homebound assignments.

Medical Leave

The School Board, upon recommendation of the Superintendent, may grant a medical leave of absence for a period of up to one (1) year due to illness or other disability of the employee or employee's immediate family (spouse, parents or children, by blood or marriage). The medical leave must be certified by a medical provider.

Any medical leave of absence must be in writing prior to the employee being absent except in an extreme emergency. The request must be made to the Director of Human Resources who will initiate the action. If the requested leave is valid, the Superintendent shall recommend the leave of absence to the Board of School Trustees for approval.

An employee must include medical certification for the need of a leave of absence from a qualified health care provider. If the Superintendent or his/her designee has reason to doubt the validity of the medical certification, the employee may be required to obtain a second opinion at school corporation expense. Should any variance between the two medical certifications exist, a third opinion, at school corporation expense, may be requested. This opinion shall be final and binding. Failure to submit the required medical certification may result in the denial of the leave or denial of the continuation of the leave.

If a medical leave of absence is approved, it shall be the responsibility of the employee to communicate any change or extension request to his/her supervisor, building administrator, or designee and the Human Resources Department as soon as the employee is aware of the change

or extension. At the very least, the employee shall notify the above prior to continuing on a leave of absence. If an approved medical leave of absence ends and the employee does not notify the Human Resources Department, nor does he/she report to work, he/she will have resigned his/her position due to job abandonment upon the third (3rd) day after the end of the medical leave of absence.

All or any portion of this leave taken by an employee will be charged to his/her available annual leave and accumulated sick leave. After his/her available sick leave has been used, the employee may be absent, without pay for the remainder of one (1) year.

The employee may save one (1) annual day during a paid leave of absence.

Before the employee will be allowed to return to work, written certification must be provided by the physician stating that the employee has recovered sufficiently from the medical leave to resume his/her regularly assigned duties.

Fit for Duty Exam

The corporation reserves the right to require a current employee or applicant for employment (after a conditional offer of employment), to submit to a fitness for duty examination by a qualified healthcare provider to determine the employee's or applicant's ability to meet the qualification standards and perform the essential functions of a position. The examiner shall be provided with specific essential functions of the position in question. The fitness for duty exam report and its contents will be protected as confidential information. The report of the examiner may be shared with the employee or candidate and made a part of employee's health record in the Human Resources Department. The cost of a fit for duty exam shall be paid for by the corporation. An employee shall be paid for the time required for the fit for duty exam.

Maternity Leave

Any employee may continue in active employment as late into pregnancy as she desires, if she is able to fulfill the requirements of her position. Temporary disabilities caused by pregnancy shall be governed by the same provisions governing sickness and by the following: Any employee who is pregnant is entitled to a leave of absence any time between the commencement of her pregnancy and one (1) year following the birth of the child, if, except in a medical emergency, she notifies the Director of Human Resources at least thirty (30) days before the date on which she desires to start her leave. She shall also notify the Director of Human Resources of the expected length of this leave, including with this notice either a physician's statement certifying her pregnancy or a copy of the birth certificate of the newborn, whichever is applicable. In the case of a medical emergency caused by pregnancy, the employee shall be granted a leave, as otherwise provided in this section, immediately upon her request and certification of the emergency from an attending physician.

All or any portion of leave taken by an employee because of a temporary disability caused by pregnancy will be charged to her available annual leave and accumulated sick leave. After her available sick leave has been used, the employee may be absent, without pay for the balance of

the approved leave's term. The employee may save up to twelve (12) days of annual or accumulated day during a paid maternity leave.

Paternity Leave

When a child is born to the spouse of a school employee, the employee is entitled to a leave of absence up to one (1) year if, except in a medical emergency, the employee notifies the supervisor, building administrator or designee at least thirty (30) days before the date on which the employee desires to start the leave of absence. The employee shall also notify the supervisor/principal or principal designee and the Director of Human Resources of the expected length of this leave, including with this notice either a physician's statement certifying the pregnancy or a copy of the birth certificate of the newborn, whichever is applicable. In the case of a medical emergency caused by pregnancy, the employee shall be granted a leave immediately upon request and certification of the emergency from an attending physician.

All or any portion of this leave taken by an employee will be charged to the available annual leave and accumulated sick leave balance. After the available sick leave has been used, the employee may be absent, without pay, for the remainder of one (1) year.

The employee may save up to twelve (12) days of annual or accumulated days during a paid paternity leave of absence.

Adoption Leave

A school employee may be entitled to, upon request, adoption leave without pay for a period not to exceed one (1) year, if, except in a medical emergency, said employee notifies the supervisor, building administrator or designee and the Director of Human Resources at least (30) days before the date on which the employee desires to start the leave. The employee shall also notify the supervisor, building administrator or designee and the Director of Human Resources of the expected length of this leave, including with this notice a certification of adoption and/or a copy of the birth certificate of the newborn, whichever is applicable. In the case of an emergency caused by the adoption procedure, the employee shall be granted a leave immediately upon a request and certification of the emergency from the agency handling the adoption or by an officer of the court where the adoption procedure is occurring.

All or any portion of this leave taken by an employee will be charged to his/her available annual leave and accumulated sick leave. After his/her available sick leave has been used, the employee may be absent, without pay for the remainder of one (1) year.

The employee may save up to twelve (12) days of annual or accumulated days during this leave of absence.

Reduction in Force Leave

A school employee who is not to be laid off may request a leave of absence for one (1) school year in order to reduce the number of school employees who are or will be laid off. The request shall be written and submitted to the Superintendent. The leave will be called the Reduction in Force Leave and will be for one (1) school year. The leave may terminate before this time if the school corporation approves the earlier termination. The Reduction in Force Leave can be extended for another school year if the school employee on a Reduction in Force Leave submits a written request by April 1 of the school year for which the school employee is on leave and the school corporation is still in "Reduction in Force status".

Family and Medical Leave Act (FMLA)

The federal Family & Medical Leave Act (FMLA) requires public school employers to provide eligible employees with unpaid leave. There are two types of leave available, including the basic Twelve (12) week leave entitlement (Basic FMLA Leave), as well as the military family leave entitlements (Military Family Leave). Please contact the Human Resources department for additional information regarding FMLA.

Eligibility for Family and Medical Leave

Employees are eligible for FMLA leave if they:

- Have worked for GCCS for at least twelve (12) months in the last seven (7) years; employment more than seven (7) years prior may count towards the twelve (12) months, if the break in service is the result of certain military service;
- Have worked at least 1250 hours for GCCS during the previous school year (July 1st- June 30th) immediately preceding the request for leave; and
- Are employed at a work site that has fifty (50) or more employees within a seventy-five (75) mile radius.

Employees with any questions about their eligibility for FMLA leave should contact the Human Resources Department for more information.

Basic FMLA Leave

Employees who meet the eligibility requirements described above are eligible to take up to twelve (12) weeks of unpaid leave during any twelve (12) month period for one of the following reasons:

1. To care for the employee's son or daughter during the first twelve (12) months following birth.
2. To care for a child during the first twelve (12) months following placement with the employee for adoption or foster care.
3. To care for a spouse, son, daughter, or parent ("covered relation") with a serious health condition.
4. For incapacity due to the employee's pregnancy, prenatal medical or child birth.
5. Because of the employee's own serious health condition that renders the employee unable to perform an essential function of his or her position.

Married couples: In cases where a married couple is employed by the Greater Clark County School Corporation, the two (2) spouses together may take a combined total of twelve (12) weeks leave during any twelve (12) month period for reasons 1 and 2 above, or to care for the employee's parent with a serious health condition.

FMLA does run concurrent with paid time off. The measurement period used for FMLA eligibility is July 1 through June 30 of the prior school year. Employees are responsible for paying the full insurance premiums as well as any ancillary products once FMLA is exhausted. Anyone on FMLA may not hold any position outside Greater Clark and is not eligible for extra-duty, homebound, etc. pay while on leave.

Paid Time Off Used Prior to FMLA

Greater Clark County School Corporation requires employees to begin using FMLA immediately, concurrent with paid time off. Employees may not defer FMLA per federal guidance. Those taking maternity leave may save up to twelve (12) days of annual or accumulated time. The substitution of paid leave time for unpaid FMLA leave time does not extend the twelve (12) or twenty-six (26) week leave period. Furthermore, in no case can the substitution of paid leave time for unpaid leave time result in the receipt of more than one hundred (100) percent of an employee's salary. Forms for requesting FMLA can be requested from the Human Resources Department.

Failure to make proper arrangements for a leave of absence with Board of School Trustees approval may result in the employee being dropped from his/her current group insurance plan(s).

Military Family Leave

There are two types of Military Family Leave available.

1. Qualifying exigency leave: Employees meeting the eligibility requirements described above may be entitled to use up to twelve (12) weeks of their Basic FMLA Leave entitlement to address certain qualifying exigencies. Leave may be used if the employee's spouse, son, daughter, or parent is on active duty or called to active duty status in the National Guard or Reserves in support of a contingency operation. Qualifying exigencies may include:
 - Short notice deployment (up to seven [7] days of leave)
 - Attending certain military events
 - Arranging for alternative childcare
 - Care of the military member's parent who is incapable of self-care in certain circumstances
 - Addressing certain financial and legal arrangements
 - Periods of rest and recuperation for the service member (up to fifteen [15] days of leave)
 - Attending certain counseling sessions

- Attending post-deployment activities (available for up to ninety [90] days after the termination of the covered service member's active duty status)
 - Other activities arising out of the service member's active duty or call to active duty and agreed upon by the GCCS and the employee
2. Leave to care for a covered service member: There is also a special leave entitlement that permits employees who meet the eligibility requirements for FMLA leave to take up to twenty-six (26) weeks of leave to care for a covered service member during a single twelve (12) month period. A covered service member is a current member of the Armed Forces, including a member of the National Guard or Reserves, who has been rendered medically unfit to perform his or her duties due to a serious injury or illness incurred in the line of duty while on active duty that may render the service member medically unfit to perform his or her duties for which the service member is undergoing medical treatment, recuperation, or therapy; or is on outpatient status; or is on the temporary disability retired list. When both husband and wife work for Greater Clark County Schools, the aggregate amount of leave that can be taken by the husband and wife to care for a covered service member is twenty-six (26) weeks in a single twelve (12) month period.

Political Leave

The corporation may extend to any employee who is elected to a political office a leave of absence without pay for up to one (1) year.

Return from Leave

After a staff member takes a leave of absence, the staff member shall be restored to:

- the position the staff member held before the leave, or
- a position equivalent to the position that the staff member held before the leave with equivalent benefits and terms of the negotiated agreement.

The Board shall permit the staff member to continue his/her health care benefits during the leave at the staff member's expense.

Any staff member granted a leave of absence shall be considered to have terminated all work with the corporation until completion of the leave. Employees are not permitted to work at all during a leave of absence. Exceptions may be made by the Superintendent in cases where the best interests of the corporation might be served.

Unrequested Leave of Absence

It is the policy of Greater Clark County Schools to protect students and employees from the staff members who are unable to perform essential job functions with or without accommodation.

The Superintendent may place a staff member on unrequested leave of absence when the staff member is unable to perform assigned duties in conformance with statute and the assignment where the staff member is working with or without accommodation.

If the Superintendent believes the staff member is unable to perform essential job functions, the staff member will be offered the opportunity for a meeting to discuss these issues. If a staff member refuses to attend the meeting, the Board may order the staff member to submit to an appropriate examination by a physician designated and compensated by the Board.

Per Board Policy 3122.02/4122.02, the Superintendent shall direct the provider designated by the Board to conduct the examination not to collect genetic information or provide any genetic information, including the individual's family medical history, in the report of the medical examination.

If, as a result of such examination, the staff member is found to be unable to perform assigned duties with or without accommodation, the staff member may be placed on leave of absence for a reasonable time to heal or until the staff member is able to perform the essential job function, but only for a period not to exceed one (1) year.

Should a staff member refuse to submit to the examination requested by the corporation, such refusal shall subject the staff member to disciplinary action.

RETIREMENT BENEFITS

Voluntary Tax Deferred Plans - 403(b), 457(b), 501 Roth, 529 Savings Plans

Employees are eligible to participate in voluntary retirement accounts. Employees may enroll or make changes to these plans at any time. If you are interested in making voluntary contributions to a voluntary Tax Deferred Plan, please contact the Human Resources Department.

To qualify for an annuity payroll deduction, the annuity vendor must have on file with the school corporation a vendor agreement with approval of the School Board of Trustees and each employee participating in such annuity plan must have on file with the school corporation an employee deduction agreement.

If contributions are made by the employee, such contributions are non-forfeitable and immediately vested. In the event of death of an employee prior to withdrawal, the balance in the account will be payable to the designated beneficiaries or the employee's estate.

INPRS

Indiana Public Retirement System is the state retirement entity for public employees. Please refer to the INPRS Member Handbook or the website for an explanation of benefits. Membership in INPRS begins with the first (1st) day of employment and represents TRF for certified employees and PERF for non-certified employees. Employees are encouraged to create a profile on the INPRS website. Important retirement information may be found on this site.

Employees who work at least three and a half (3.5) hours per day in a PERF or TRF covered position shall be covered by INPRS.

STAFF DRESS AND GROOMING

GCCS believes that staff members are an important and integral part of the corporation. Also, since the staff is highly visible to the students and the public, GCCS believes the staff should be well dressed and groomed at all times. Staff members who understand this guideline and adhere to it enlarge the importance of their task, present an image of dignity, and encourage respect.

The corporation develops standards for staff dress and grooming guidelines that promote a professional educational atmosphere that gives consideration to the impact on the educational process and the diversity of the school corporation's staff. All the staff members shall, when assigned to corporation duty:

- Be physically clean, neat, and well groomed;
- Dress in a manner consistent with their responsibilities;
- Dress in a manner that communicates to others a pride in personal appearance;
- Dress in a manner that does not cause damage to corporation property.
- Be groomed in such a way that does not disrupt the educational process nor cause a health or safety hazard.

STAFF GIFTS

GCCS discourages the presentation of gifts to staff members by students and their parents because it could embarrass students with limited means and gives the appearance of currying favor.

It is the policy of the corporation that no staff member should expect or accept gifts for carrying out the terms of his/her assignment.

If a staff member has provided an unusual amount of extra help for a student, and the parents insist on showing appreciation, expression other than money may be accepted.

The corporation does recognize, though, that gift-giving to staff members at some special holidays fits the spirit of the season and gift-giving at the close of an academic year is a part of tradition.

Upon the recommendation of the Superintendent, the Board shall consider, as appropriate, the presentation of token gifts to retiring members of the staff who have rendered service for a period of time.

Staff members shall not accept any form of compensation from vendors that might influence their recommendations on or raise a conflict of interest with respect to the eventual purchase of equipment, supplies, or services. See also Board Policy #1130 - Conflict of Interest. Furthermore,

staff members shall not accept any compensation from a vendor after a decision has been made to purchase equipment, supplies, or services from said vendor. In addition, staff members who recommend purchases shall not enter into a contractual arrangement with a vendor seeking to do business with the corporation or a vendor with whom the corporation is doing business, whereby an individual support staff member receives compensation in any form for services rendered.

Such compensation includes, but is not limited to cash, checks, stocks, or any other form of securities, and gifts such as televisions, microwave ovens, computers, discount certificates, travel vouchers, tickets, passes, and other such things of value. In the event that a staff member receives such compensation, albeit unsolicited, from a vendor, the staff member shall notify the Superintendent, in writing, that s/he received such compensation and the compensation has been returned to the vendor.

SUBSTITUTES

Schools may elect to fill positions with a substitute employee in the event a regular employee is ill or is not able to work. Substitutes are requested through a contracted company and are considered “as needed”. They are not considered employees of Greater Clark County Schools. Substitute time does not count as years of service for the school district or toward any type of retirement benefit.

Substitute hourly wage is set by the school corporation and can vary from year to year.

RESPONSIBLE USE/INTERNET SAFETY – TELECOMMUNICATIONS SERVICES

The Greater Clark County School Corporation believes that information available through the Internet and other telecommunications services will provide valuable resources for our faculty and staff, resources that are simply not available through more traditional means of obtaining information. By offering this service, the goal is to promote learning through curriculum-based projects that take advantage of the unique resources available through Internet and other services.

The unprecedented access to computers and people from around the world provided through the Internet means that total control of staff access to resources is not possible. While every effort will be made to restrict employee access to inappropriate materials, a user intent on locating such materials may find them. Employees will have access to telecommunications services only upon receipt of a Telecommunications Network Use Agreement, signed by the employee.

The use of a school-sponsored account to any telecommunications network requires responsible, ethical, and legal use of the network resources. If a user of a school-sponsored account violates any of these guidelines, his or her access to an account will be terminated and future access denied. Additional penalties may be incurred as well, commensurate with the seriousness of the violation. Employees must sign a Telecommunications Network Use Agreement before receiving a user name and password and accessing Internet and email accounts. The signatures on the Telecommunications Network Use Agreement are legally binding and indicate that the signatories have read the terms and conditions carefully and understand their significance.

Failure to abide by these rules shall result in exclusion from Internet usage. The building principal or principal’s designee shall determine if exclusion is temporary or permanent.

The Technology Department is the contact for accounts, as this is part of the new hire process. To contact Information Technology directly, contact helpdesk through the helpdesk email system.

Please note: Security on any computer is a high priority, any violation will not be tolerated and may be subject to disciplinary action up to and including termination.

USE OF TOBACCO BY STAFF

Greater Clark County Schools is dedicated to providing a healthy, comfortable, and productive environment for students, staff, and citizens. Moreover, the corporation recognizes and supports the positive impact and the importance of adult role modeling for students during their school years in a smoke/tobacco free environment. I.C. 16-41-37 and Board of School Trustees Policies 3215/4215.

The corporation prohibits the use of all tobacco products within all corporation owned or leased buildings, in all corporation owned or leased vehicles, and on all corporation owned or leased grounds. This is in force twenty-four (24) hours a day for all events. For purpose of these policies, “Use of Tobacco” shall mean all uses of tobacco, including cigar, cigarettes, pipe, snuff, or any other matter or substance that contains tobacco, as well as electronic “vapor”, or other substitute forms of cigarettes.
